

Home-Learning Project

Class: 2	Term: Spring 2017	Topic: Spring 1 – Where do animals live? Spring 2 - Heroes
----------	-------------------	---

Spring 1 Task:

Choose any animal or insect:

- Think about where the animal or insect lives: which country does it live in? Which continent is that country in? Find these on a map.
- Why does the animal or insect live there? What has that place got that the animal or insect needs?
- Draw and label a picture of your animal or insect's habitat.
- Draw and label the food your animal or insect eats.
- Is your animal or insect part of a food chain? Draw and label the food chain.
- Can you talk about your animal or insects life cycle? Try to draw its lifecycle.
- You might want to put your drawings into a book to create your own animal information/non-fiction book
- Try to make your animal or insect out of junk.

Spring 2 Task:

- Find out what a hero is.
- Do you have a hero and why?
- Draw and label your hero.
