

We will clean up after ourselves and tidy up before we leave the classroom.

We will respect our classmates and adults, who will in turn respect us.

We will show respect by listening when others are talking.

We will be safe in school and work to keep others safe.

We will keep mud outside.

We will persevere and not give up - 'it is ok not to know but not ok not to try'.

We think mistakes are magic, as they keep us learning.
