

Home-Learning Project

Aslan Class	Term: Autumn 2019	Topic: Autumn 1 – Our World
-------------	-------------------	-----------------------------

Autumn 1 Task:

- In our topic, we will be finding out about renewable and non-renewable resources. For your home learning task this half term, I would like you to take an item that might have been thrown out or given to charity and turn it into something else that can be used again. Let your imaginations run wild! Please bring it in at the end of the half term to share with the class.
