

Our wonderful world

The seven continents and five oceans

Learn these two songs to help you remember the names of the continents and oceans (you may remember these!)

- Seven continents: <https://www.youtube.com/watch?v=K6DSMZ8b3LE>
- Five oceans: <https://www.youtube.com/watch?v=X6BE4VcYngQ>

Now it's time to get arty! Design a land animal for one of the continents, or a sea creature for one of the oceans.

You will need to know what it is like in your chosen continent or ocean so that your creation is adapted well to its habitat. For example, an animal living in the rainforests of South America could have waterproof skin because of the high rainfall, no fur because it's warm enough on the equator and big eyes to see in the darkness of the rainforest floor.

You could get some ideas from the animals on the next page that are perfectly adapted to their continent or ocean.
